Introduction

Established in 1996, Simran Leather is a trusted leader in manufacturing leather products. Our range of leather furniture and accessories is renowned worldwide for its exceptional design and quality.

We specialize in providing innovative leather solutions for various applications, including hospitality, customized interiors, automobiles, aircraft, and accessories. Explore our exclusive collection of leather products, including beds, sofas, chairs, bags, interiors, tiles, and wall paneling, all crafted from high-quality leather.

Our state-of-the-art leather goods manufacturing facilities are equipped with specialized machinery for essential production stages like clicking, splitting, skiving, plating, embossing, and strap cutting. Our expert team of skilled stitchers uses heavy-duty stitching machines to ensure perfect seams.

Furthermore, our leather production is bolstered by our tannery in Jalandhar, India. This facility not only guarantees the quality and timely delivery of finished leather but also allows us to innovate and create new leather varieties to suit market trends and customer needs.
